DIRECTOR OF CENTRAL INTELLIGENCE
Security Committee

SECOM-D-229

4 November 1983

MEMORANDUM FOR: [REDACTED]
Chairman, Physical Security Working Group

FROM: [REDACTED]
Chairman

SUBJECT: Physical Security Seminar Agenda

REFERENCE: Memo from C/PSWG, dated 3 October 1983

As I advised you in your recent conversation on the Physical Security Seminar Agenda, I have reviewed the agenda and find it an excellent point of departure for the first presentation of the seminar. As we agreed, I would like the seminars to provide students not only an opportunity to exchange views on SCI physical security, but also to provide some broadening of the breadth and scope of their knowledge of new and developing physical security equipment and techniques. In the long term, we will rely upon student critiques to assist us in restructuring the agenda to fulfill all of our objectives. I thank you and the working group for the efforts that have gone into the planning of what I believe will become a very successful Community enterprise.

Bob:

There's a lot of good material in this schedule and it's organized well, but I can't escape the impression that those involved in this effort are trying to fill up a whole week without really having five days worth of subjects to cover. There are a couple of small areas of duplication (e.g., document destruction on Wed. and again on Thurs, temporary secure working areas on Mon. and Tues. (but there may be a slight variation between those)), and the times allotted to several subjects seems to me to be a bit long. Do you think we should ask [] to explore cutting seminar back to a 3½ or 4 day format?

Re [] comment #2 on treatment of the domestic threat. The schedule calls for FBI to make this presentation. If [] report gives this, I think we would need something else for balance. Perhaps two people or a panel would be in order for this item.

[] has done his usual good job on this.

DIRECTOR OF CENTRAL INTELLIGENCE
PHYSICAL SECURITY WORKING GROUP

3 October 1983

MEMORANDUM FOR THE CHAIRMAN, DCI SECURITY COMMITTEE

Subj: Physical Security Seminar Agenda

Encl: (1) Subject Agenda

1. Enclosure (1) is forwarded for SECOM review and comment/concurrence. This revised Seminar agenda reflects Working Group Members' recommendations based on the pilot seminar of August 1983.
2. If the SECOM concurs with the revised agenda, the Working Group will proceed with planning for the first operational seminar scheduled for 16-20 January 1984. //
